

Construction Week produced a special issue for the Big 5 exhibition.
October 27, 2004

HMA Consulting, Inc. has announced the opening of its newest office in Dubai, UAE at the Big 5 Exhibition in Dubai. The new office will provide a permanent presence for HMA in the region and allow us to better service our current projects in the UAE, which include the Bur Juman Expansion, the Dubai International Airport and the Amiri Flight Centre at the Abu Dhabi International Airport. The Dubai office will also cater to the growing demands for intelligent building design services in the Middle East.
